Energy Association Electric Operations Fall Event

Monday, September 9 –Wednesday, September 11

DoubleTree by Hilton Pittsburgh Green Tree, Pittsburgh, PA

The place to be for Electric utility front line supervisors, managers, engineers, decision makers and others with an interest in industry issues:

Be there when the EAP's Electric Operations fall meeting event convenes.

- The members of the Electric Transmission & Distribution Committee and Electrical Equipment & Protection Committee are working to provide speakers and presentations of interest to the industry during the Tuesday, September 10th concurrent educational sessions
- Among planned seminar topics: *Coordinate PA Presentation; Streamline Right of Way (ROW) Acquisition Process; Integrating Smart Technologies in a Substation; High Pressure Fluid Filled 345 kV Line Leak; Preventing Losses due to Wildlife Contacts in Electrical Substations; Pitt/Carnegie Mellon University Project; Duquesne's Loss of Two 138kV Transmission Lines Due to Landslide; Project Management in Substation Construction; Methods of Communication for Relay Protection*
- The Committees are planning on incorporating sessions relevant to professional practice which would qualify for the PA Professional Engineers continuing education credits requirements
- Over the past four events, seminar registrations have averaged 205 attendees
- Participants can take advantage of valuable networking at the events activities—during breaks, lunch and a reception in the exhibit hall
- The Tuesday vendor expo will showcase the latest technology, and state-of-the-art products/services.
- Also featured are vendor presentations on new products/trends
- Closed session best practice meetings – reliability roundtable, trouble reports session and joint use/third party attachments session for committee members and utility company representatives will take place on Monday/Wednesday
