PA Energy Association Announces 2020 Safety Award Winners

HARRISBURG (May 26, 2020) -- The Energy Association of Pennsylvania has officially recognized nine companies for outstanding safety performance. Safety is of paramount importance to the Energy Association and its member companies. “We congratulate our members for their continuing commitment to improve safety for their customers and in the workplace,” said Terrance J. Fitzpatrick, President and CEO, Energy Association of Pennsylvania. “For over two decades, the Association and our predecessor organizations have been recognizing companies for their efforts in safety through the EAP’s annual Safety Award program.”

The statewide electric and natural gas utility company members of the Association’s Accident Prevention Committee wish to congratulate the following companies as this year’s safety award winners!

The *Safety Achievement Award* recognizes those member companies, each with 100,000 or more hours worked, which reported an exceptionally low incidence rate for calendar year 2019.

Columbia Gas of Pennsylvania
Met-Ed, A FirstEnergy Company
West Penn Power, A FirstEnergy Company

The *Safety Improvement Award* recognizes those member companies, each with 100,000 or more hours worked, which reported an exceptional reduction in incidence rate for calendar year 2019, as compared to calendar year 2018.

Columbia Gas of Pennsylvania
Met-Ed, A FirstEnergy Company

The *Safety Performance Certificate* recognizes member companies with zero disabling injuries for calendar year 2019.

Citizens’ Electric Company
Penn Power, A FirstEnergy Company
Wellsboro Electric Company

The ***Safety Sustainability Award*** recognizes those member companies, each with 100,000 or more hours worked, which reported an exceptional sustained low incidence rate over calendar years 2017-2018-2019.

Columbia Gas of Pennsylvania
