

## MARK YOUR 2022 CALENDAR!

### Energy Association Electric Operations Fall Event

**Monday, October 17 –Wednesday, October 19**  
*Eden Resort & Suites, Lancaster, PA*

**The place to be for Electric utility front line supervisors, managers, engineers, decision makers and others with an interest in industry issues:**

***Be there when the EAP's Electric Operations Committees' fall meeting event convenes at the Eden Resort & Suites.***

- **The members of the Electric Transmission & Distribution Committee and Electrical Equipment & Protection Committee are working to provide speakers and presentations of interest to the industry during the Tuesday, October 18<sup>th</sup> concurrent educational sessions**
- **Among planned seminar topics:** *Changes in Standards, Design and Long-term Planning to Accommodate Growth of Distributed Energy Resources; AMI Data to Validate DER Operating Capabilities and Determine the Impact of the Multi-Way Power Flow to Improve Dispatch; Asset Inspection Using Drones – Learnings; SF6 Reductions, Tracking and Future Plans; Load Growth on System – PJM Interconnection Speaker; Enhance Legacy Substations; Electric Vehicle Charging – Regional Strategies for Transportation Electrification Infrastructure Development/Changes to Standards & Design/Utility Owned Charging Stations; Vegetation Management – Highlights of Technology/Leveraging Data for Other Purposes; Using a Disturbance Monitoring IED When in Transition to a Fully Digital Protection System; Transformer Testing and Maintenance Topics*
- **A popular aspect with our attendees, the Committees are planning on incorporating sessions relevant to professional practice which would qualify for the PA Professional Engineers continuing education credits requirements**
- **Over past four most recent in-person events, seminar registrations have averaged 205 attendees**
- **Participants can take advantage of valuable networking at the events activities– during breaks, lunch and a reception in the exhibit hall**
- **The Tuesday vendor expo will showcase the latest technology, and state-of-the-art products/services**
- **Also included are vendor presentations on new products and trends**
- **Closed session best practice meetings are an important feature** – Benchmarking Session/Grid Reliability Roundtable, Trouble Reports session and a Design and Third-party Attachments Benchmarking session for committee members and utility company representatives will take place on Monday/Wednesday; Tuesday afternoon features a closed session Vegetation Management session

The reserved block of rooms will be released on September 17<sup>th</sup>, please make your reservation by Friday, September 16, 2022.***
- ***Eden Resort & Suites, 222 Eden Road, Lancaster, PA 17601***

**For additional information or to register contact Deb Kitner at [dkitner@energypa.org](mailto:dkitner@energypa.org)**

Although the COVID-19 pandemic has presented unprecedented challenges, EAP remains committed to providing opportunities for the next evolution of our educational events. As the emergency subsidies, and our economy opens back up, we look forward to returning to in-person networking experiences in 2022 which incorporate health & safety developments.
