

Electric Operations Committees Fall Meetings Event

Monday, October 30 –Wednesday, November 1, 2023

The Alloy, a Doubletree by Hilton, King of Prussia, PA

The place to be for Electric utility front line supervisors, managers, engineers, decision makers and others with an interest in industry issues:

Be there when the EAP's Electric Operations Committees' Fall Meetings Event convenes.

- **The members of the Electric Transmission & Distribution Committee and Electrical Equipment & Protection Committee are working to provide speakers and presentations of interest to the industry during the Tuesday, October 31st concurrent educational sessions**
- **Among planned seminar topics:** *Supply Outlook for the Utility Industry (panel presentation); Cable Health Monitoring System; Tredyffrin Transformer Event – case study; Spare Strategies for Power Transformers; Technical & Economic Feasibility of Solar Roof on Warehouses (Lehigh University - Graduate Studies Dept. presentation); Standards of Wood Poles – Replace with Fiberglass; Substation Security; FERC Order 2222 and Implementing DERs (PJM Interconnection LLC presentation); Substation and Transmission Reliability Metrics*
- **A popular aspect with our attendees, the Committees are planning on incorporating sessions relevant to professional practice which would qualify for the PA Professional Engineers continuing education credits requirements**
- **Over past four most recent in-person events, seminar registrations have averaged 206 attendees**
- **Participants can take advantage of valuable networking at the events activities– during breaks, lunch and a reception in the exhibit hall**
- **The Tuesday vendor expo will showcase the latest technology, and state-of-the-art products/services**
- **Also included are vendor presentations on new products and trends**
- **Closed session best practice meetings are an important feature – Benchmarking Session/Grid Reliability Roundtable, Trouble Reports session and a Design and Third-party Attachments Benchmarking session for committee members and utility company representatives will take place on Monday/Wednesday**
