

MARK YOUR 2025 CALENDAR!

EAP Electric Operations Committees Spring Meetings Event

Monday, April 7 –Wednesday, April 9, 2025

DoubleTree by Hilton Pittsburgh Cranberry, Mars, PA

We hope to have great member company participation – the attendance by committee members, company managers, engineers, front line supervisors, etc. is critical to making this event a success:

- The members of the Electric Transmission & Distribution Committee and Electrical Equipment & Protection Committee are working to provide speakers and presentations of interest to the industry during the Tuesday, April 8th concurrent educational sessions. Over the past seven most recent in-person events, seminar registrations have averaged 190 attendees.
- Among planned and developing seminar topics providing valuable content for company operations personnel: *Storm Preparedness Best Practices Panel; Transmission Facility Accessibility Topic; Drone Applications for Transmission and Substations; Clean Air Breakers; Transmission Line Technology Case Studies; Electrification Topic; Equipment Monitoring in the Field & Data Analytics; Transformer Robotic Inspection*
- Participants can take advantage of valuable networking at the events activities – during breaks, lunch and a reception in the exhibit hall
- Included is an informal Wednesday morning meeting between our utility company committee members and PA PUC staff. The Commission's Water, Reliability, and Emergency Preparedness Division Supervisor; Reliability and Emergency Preparedness Supervisor, I&E Electric Safety Section Supervisor and Electric Safety Inspectors have been invited
- The Tuesday vendor expo will showcase the latest technology, and state-of-the-art products/services. Also featured are vendor presentations on new products/trends
- Plans are to incorporate sessions relevant to professional practice which would qualify for the Professional Engineers continuing education credits requirements
- Closed session benchmarking and best practice sharing meetings – *Grid Reliability Roundtable, Trouble Reports session and Design and Third-party Attachments sessions for committee members/utility company representatives are important opportunities. A Wednesday morning benchmarking session is also planned for utility safety professionals*

Registration is now open – Visit the Spring Event Web Page to Register:
